The leaves are dark green, beautifully marked with broad stripes and bands of a creamy white color, bears large spikes of white flowers. Price, four inch pots, \$1.50 per dozen; two-and-a-half inch pots, 60 cents per dozen; \$5 per hundred.

AGERATUMS.

A good selection, containing the following sorts:

John Douglas—Dwarf, blue, very compact.

Cope's Pet—A valuable new dwarf variety, producing bright blue flowers.

White Cap—New. It is, without doubt, the best white variety ever introduced.

Variegatum—Beautiful variegated leaves.

The Mayflower—New. Dark blue; fine for carpet bedding.

New Ageratum, Tapis Blue—This is the best blue Ageratum for bedding, etc., yet produced, being dwarf and compact in habit and extremely free flowering, superior to Cope's Pet. Raised by M. Bruant, Poitiers, France. Price, 5 cents each; 40 cents per dozen; \$3 per hundred.

New Abutilon, SOUVENIR DE BONN.

This is entirely different from anything we have had before in the way of variegated Abutilons. It is a strong, upright grower, with large, bright green foliage, distinctly edged with a broad band of creamy-white and yellow. Flowers very large, on stems eight to nine inches in length. Color bright orange-red, very effective with its beautifully variegated foliage. It is one of the most distinct and showy ornamental foliage plants that has come to our notice in years, and when better known will be used in large quantities in connection with Palms, Dracenas, Rubbers, etc., for decoration purposes. Fine plants, 6 cents each; 50 cents per dozen; \$4 per hundred.

Abutilon, GOLDEN BELLS. Golden Fleece.

A bright, golden yellow Abutilon, of strong, vigorous habit and very free flowering. There have been a number of yellow Abutilons introduced during the past few years, but they all lack richness of color; the variety now offered combines large size, fine form and depth of coloring, and will become the leading yellow variety. Price, 6c each; 50c per dozen; \$4 per hundred.

Acalphya Marginata.

Dark bronze, with rose margined foliage. This variety equals the showiest varieties of Coleus in effect, and has besides a decided advantage over any Coleus—namely to be hardier, and not liable to wilt in the hottest and driest weather. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**Wettsteinii.**

Begonia, President Carnot.

A remarkably strong growing variety, of stiff, upright habit, foliage large and somewhat in style of Begonia Rubra, but more than twice as large; upper side deep green, under side purplish-red, flowers beautiful coral-red, in large pendant panicles. Price, 10c each; 75c per dozen; \$5 per hundred.

Begonia, Vernon.

This excellent variety is of unusual merit as a bedding sort, foliage rich glossy green often shaded deep bronze, changing to a beautiful clear rose in the fully open flower. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Begonia, Gloire de Lucerne.

A beautiful variety that is evidently a cross between Sanguinea and Rubra, both of which it resembles in foliage, while the bloom is the most beautiful rosy-vermilion. The leaves are of most beautiful form, broad and deeply lobed, bronze-green above and purple below. The plant assumes a fine tree form with a little attention. Price, 10 cents each; 75 cents per dozen; \$5 per hundred.

Begonia, Semperflorens Gigantea Rosea.

A superb variety, strong, upright, grows large flowers of clear cardinal red, the bud only exceeded in beauty by the open flower, which is borne on a strong, thick stem. The leaves are smooth and glossy and attached closely to the main stem; both leaf and stem are quite upright, growing and forming a shrubby, round plant. Price, 75 cents per dozen; \$5 per hundred.

**Begonia Sanguinea.**

Crimson-Leaved Begonia, Sanguinea.

A showy variety, with very large leaves, the upper side of which is a rich olive, the under side crimson, and of a peculiar leather-like substance, dainty flowers, light rose to white. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Begonia, Wettsteinii.

This fine Begonia is in the direct line of Rubra, so well and favorably known. The leaf is ornamental, being peculiarly indented, and a lovely shaded coloring, dark marbled green, shading lighter, with a line of scarlet at edge of leaf, the flower being similar to Rubra, but lighter in color. Price, 75 cents per dozen; \$5 per hundred.

New Begonia, Paul Bruant.

A Begonia that grows in fine, bushy tree form, increasing in size and number of leaves very rapidly. On account of its free growth and easy culture, it is bound to become popular. It is of very heavy texture and a deep olive green. The bloom is borne in the greatest abundance on long, graceful stems, and is of two forms (as seen in Rubra), a part being very large and white, the petals quite transparent; continues in bloom from November to May, and is a handsome plant at any season of the year. Price, 10 cents each; \$1 per dozen; \$8 per hundred.

Begonia, Rubra.

One of the finest Begonias in cultivation. Its dark, glossy, green leaves, combined with its free flowering habit, make it one of the very best plants for house or conservatory decoration. The flowers are a scarlet-rose color. Price, 10 cents each; 50c per dozen; \$4 per hundred.

**Begonia, Metallica.**

This elegant variety has very large glossy leaves shaded with green, crimson and olive, with a peculiar metallic lustre over all. Flowers large, dark-pink in color. The cut gives a good idea of its habit, but no engraving or description can portray its beautiful appearance. A beautiful house plant. Price, 6 cents each; 50c per dozen; \$4 per hundred.

Begonia, ARGENTEA GUTTATA.

This variety is an introduction of M. Lemoine, and is a cross between Olbia and Alba Picta. This beautiful sort has the silvery blotches of Alba Picta and the grace and beauty of growth of Olbia. It has purple-bronze leaves, oblong in shape, with silver markings, and is in every way a most beautiful Begonia. It produces white flowers in bunches on ends of growth stems. CYCLAMEN, OR PERSIAN VIOLET.

There is no more ornamental plant for the greenhouse or parlor culture than the Cyclamen. It grows readily, blooms freely, and remains a long time in flower. Keep them in a cool, light place, watering lightly until growth begins. Then water freely and give plenty of light and air. On the approach of cool weather remove to a warmer situation, the parlor or greenhouse, but keep them near the light. The whole secret of growing Cyclamens to perfection is light, air and low temperature. Nice plants, 60 cents per dozen; \$5 per hundred.

The corolla, nearly two and a half inches across, is of the very richest violet shade. The habit is remarkably free, and it blooms more freely than any large variety we have seen. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Fine Double White Fuchsia, ROSAINS PATRI.

A variety unsurpassed among all the Fuchsias with white corolla. In fact, nearly perfection as to free growing and habit; strong and bushy, beginning to bloom quite early in the Spring and continuing very late. Best Single Fuchsia for General Cultivation, THE BLACK PRINCE.

NEW TRAILING QUEEN FUCHSIA.

This Fuchsia is an entirely new departure, differing from all other large flowering varieties in its habit of growth, as it is a trailing vine. The young plants, as they commence growth, creep out to the edge of the pot, and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and flowers. The flowers are borne in large, drooping clusters; very large, long, graceful. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

TRAILING QUEEN

Duchesse de Mortemarte.

Beautiful Ferns.

Sword Fern, Nephrolepis Exaltata—In well grown specimens the fronds attain a length of six or seven feet, but only one to three inches wide, and like plumes arching over in every direction, in a most graceful manner. Price, two-and-a-half inch pots, 40 cents per dozen; \$3 per hundred; three-and-a-half inch pots, 60 cents per dozen; \$5 per hundred; four inch pots, fine specimens, \$1 per dozen; \$8 per hundred.

The Boston Sword Fern—(Nephrolepis Exaltata Bostoniensis.) A variation from the ordinary Sword Fern which originated in the vicinity of Boston, where it has been in popular favor for a number of years under the name of Boston Fern. The fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. Pteris Tremula—(Shaking Fern.) The foliage of the Pteris varieties is large; very graceful. The slightest movement of the air shakes the leaves of this kind, which we recommend more than any other for house culture, etc. It grows readily and very fast. This charming plant is so well thought of abroad that a prominent horticultural journal color-plated it. The Garden says of it: "Its cylinder branching habit is most striking, and the silvery foliage even more so. Without its flowers it might almost be described as a 'silvery Asparagus.' But the bright coral-red flowers, measuring two inches in length, are really beautiful, greatly reminding one of a rare and beautiful Ceanothus, so difficult to grow, while the Gem is of the easiest possible management. Its drooping habit also makes it useful for hanging baskets. It is nearly hardy." Price, 60 cents per dozen; \$4 per hundred.

This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring. It is of extraordinarily easy growth and usefulness as a decorative plant. Russelia Juncea.

The Yellow Rambler.

Pink Rambler.

(*Euphrosyne*.)—Originated by the same gentleman who produced White Rambler, Mr. Peter Lambert, and is of the same blood. What is said of White Rambler applies equally to this, except the color of the flowers is pure shiny rose—the partially open buds being bright, light carmine, thus producing a strong and pleasing contrast. "The numerous yellow stamens lend an additional charm to the flower. In hardness, freedom of bloom, form and color of flowers and vigorous climbing habit, this variety is fully the equal of Crimson Rambler." Price, 40 cents per dozen; \$3 per hundred.

The New Climbing Rose, * Empress of China.

This is a new climbing Rose of the greatest excellence. It was brought to this country by a gentleman from China, who says of it that it commences to bloom in May, and is loaded with its elegant blooms until December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been the great objection to climbing Roses, that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. It is simply wonderful. It is perfectly hardy, and is a continuous grower. Price, 50 cents per dozen; \$4 per hundred.

Grand New Velvety-Red Rose, * Climbing Meteor.

All who know "General Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the verandas or around windows where its great beauty will show up to good advantage. Price, 60 cents per dozen; \$4 per hundred.

The Yellow Rambler.

(*Aglaia*.)—The advent of the Yellow Rambler marks a very important epoch in the Rose world. It was originated by the prominent Rose grower, Mr. Peter Lambert, who has carefully tested it for some eight years, and first offered it to the public only this last season. Its production is a great triumph in the art of hybridizing. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far hardier than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. The flowers are borne in immense clusters, after the same manner of the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. Many Roses which are described as yellow have really only a creamy tinge, but the Yellow Rambler is clear, decided yellow. The flowers are very sweet scented. The habit of growth is very vigorous, well established plants often making shoots of from eight to ten feet in height in a single season. The plants do not bloom at quite so early an age as the Crimson Rambler, but as soon as well established, they more than make up for this by the magnificence of the flowers they produce. Price, 40 cents per dozen; \$3 per hundred.

The Fine New Climber, Climbing White Pet.

This is an unusually vigorous grower and a wonderfully profuse bloomer. It is remarkable for the rapidity of its growth and freedom of bloom. The flowers are very double and full, of medium size, pure snowy-white, and borne in large clusters, continuously throughout the whole season. Price, 50 cents per dozen; \$4 per hundred.

Pink Rambler.

New Rose, CRIMSON RAMBLER.

This superb novelty is of the Polyantha class and was originally received from Japan. The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flower measuring about 1 to 1½ inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the test in exposed situations of two very severe Winters in England. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. Price, 50c per dozen; \$3 per hundred.

Forcing Rose, BRIDESMAID.

A new Rose. A sport from that old standard, Catherine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut blooms are sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so solid and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities, a serious defect; namely, "off color." This is more noticeable in dark, cloudy weather, but it is true of the Rose at all times. Now, this is why the Bridesmaid will supersede the Mermet. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. Price, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Rose, HENRY M. STANLEY.

This grand, new, ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. Price, 6c each; 50c per dozen; \$3 per hundred.

MANDA'S WICHURIANA HYBRIDS.

The habit of these new Roses is the same as the Rose Wichuriana, or Memorial Rose. The growth is creeping, and therefore, can be used to cover ground, stems of trees, pillars, posts, trellises, or any other purpose desired, including pot culture. They are the hardiest Rose we know of, and will stand any climate or exposure, and will thrive in the poorest soil or a gravel bank. The foliage is finely cut, thick, of a leathery substance, bright green, shining as if varnished, not subject to mildew or any insect, but keeps its full beauty until almost Christmas. The flowers are produced in the greatest profusion, so that a two or three year old plant will produce several thousand most exquisite flowers, which are deliciously fragrant and last a long time in perfection.

Manda's Triumph—(Manda.) This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double, pure white flowers, beautifully imbricated and well formed, two inches in diameter and sweetly scented. Price, 75c per dozen; \$5 per hundred.

Universal Favorite—(Manda.) This is the most vigorous plant of the set. The long branching shoots are covered with dense, bright green foliage. The double flowers are over two inches in diameter, and of a beautiful rose color, similar to the Bridesmaid, and deliciously fragrant. A grand variety for any purpose. Price, 75c per dozen; \$5 per hundred.

South Orange Perfection—(Manda.) This is a gem, growing freely close to the ground and having multitudes of the most perfectly formed, double flowers, about one and a half inches in diameter, soft blush pink at the tips, changing to white. It lasts a long time in perfection. Price, 75 cents per dozen; \$5 per hundred.

Pink Roamer—(Manda.) This is without question a Hybrid between the Sweetbrier, and carries these characteristics in bloom, while the growth which is very rampant, and the luxuriant foliage partake, more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter, bright rich pink, with almost a white center, which lighten up the orange-red stamens, producing an effect which, combined with fragrance, makes it one of the most valuable Roses in cultivation. Price, 75c per dozen; \$5 per hundred.

"Moseila."

The Charming New Yellow Rose,

❀ MOSELLA. ❀

The Yellow Soupert.

This splendid novelty is almost identical with that of the original Soupert, a cross of the Polyantha and the beautiful Tea Rose, Madame Falcot. It blooms in profuse clusters of three to five flowers, which are very double, ball shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. Offered for the first time this year. It is sure to be a popular companion to the original Clothilde Soupert. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

❀ Leonie Osterrieth, or White Soupert. ❀

We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of a good size, and flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas. Price, 60 cents per dozen; \$4 per hundred.

**The Superb
Blooming Rose,**

❀ Clothilde Soupert. ❀

(The best market pot Rose.)

This Rose originated with Messrs. Soupert & Notting, Luxembourg, Belgium. It is a strong vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell-pink to a pure satiny-white. Roses with both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose, for bedding purposes, and with the increased taste for Roses in clustered sprays, will be profitable as a cut flower. No other Rose approaches it in flowering qualities, not even the grand old Hermosa. Price, 6c each; 50c per dozen; \$3 per hundred.

Clothilde Soupert.

The Great Tulip Rose of Europe,

The Beautiful
Madame de Watteville.

This grand new ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy-yellow, richly colored with rosy-blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full, and highly perfumed. This is the Tulip Rose, so called because of the feathery shading of bright rose around the edge of every petal, the body of the petal being creamy-white and of heavy texture. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Ever-Blooming Tea Rose,

MRS. D'GRAW.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy-pink. It is such a strong grower that it is always impregnable against attacks of insects. For garden or cemetery it has no equal. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Tea Rose,

SNOWFLAKE.

It is a lovely new white Tea; the freest flowering Rose we have ever seen. The Rose was introduced by C. Straus & Co., of Washington, D. C., and by them grown in large quantities for cut flowers; they claim it the most profitable white Rose they grow; that they had counted one hundred and fifty-three buds and flowers on one plant in a single day, and the plant less than a year old. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Forcing Rose,

KAISERIN AUGUSTA VICTORIA.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. Price, 8 cents each; 75 cents per dozen; \$5 per hundred.

Mad. de Watteville. (The Tulip Rose.)

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest of the Tea section. It blooms freely and every flower is a gem. It equals Marechal Niel in size, on strong bushes. A deep chrome-yellow. A remarkable Rose, deserving extensive culture. Price, 50 cents per dozen; \$3 per hundred.

Tea Rose, PROF. CANIVIAT.

Vigorous in growth and free in bloom. Flower double and of good form, of the color of Souvenir Therese Levet. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Pernet's Triumph.

THE BEAUTIFUL NEW ROSE,

PERNET'S TRIUMPH.THE FINEST ALL-ROUND
CRIMSON ROSE TO DATE.

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read, "Triumph of Father Pernet"), and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Price, 60 cents per dozen; \$4 per hundred.

TEA ROSE. CHAS. LEGRADY.

This splendid Rose has proven one of the most satisfactory for general planting. Here on our own grounds a bed of it always makes a grand display all Summer long. Magnificent large buds and flowers of great beauty. Color fine chambré-red, richly shaded with darkest crimson. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. The outer petals are grandly recurved, forming an excellent contrast to the Camellia-like inner petals. For smoothness, richness and finish this Rose is without a rival. Price, 60 cents per dozen; \$4 per 100.

SENATOR MCNAUGHTON.
(WHITE PERLE DES JARDINS.)

This fine white Rose originated with Mr. Jos. Bevis, of Philadelphia, as a sport from Perle, and is a grand variety. In foliage and growth it is identical with Perle; the flowers are of the same form and size, while the color is an ivory-white of great purity. This variety will prove invaluable to Rose growers, for it is of the same easy management as Perle, requiring the same temperature and treatment; and if there is a difference in freedom of bloom it is in favor of Senator McNaughton. Price, 75 cents per dozen; \$5 per 100.

**THE SUPERB NEW SCARLET ROSE,
CLIMBING WOOTON.**

This elegant new Climbing Hybrid Tea Rose is one which promises to be a prime favorite wherever introduced. Everything good that can be said of the grand Rose, Souvenir de Wooton, can be said of this Rose, and more too. The flowers are large and of a beautiful velvety-red color, and the perfume is elegant. Whether open, half open or in bud the flowers are of fine shape. The flowers are borne at the terminus of long shoots, which render them especially good for cutting, much better, in fact, than the flowers of its parent, Souvenir de Wooton.

There is always a demand for a good hardy climbing Tea, inasmuch as there are exceedingly few to be had. This Rose we believe to possess a very considerable degree of hardiness, and should with protection stand the Winter almost anywhere. We consider this one of the best new Roses introduced for years, and as it can be planted out doors or in, doing equally well in either place, there is no question but that it will soon become immensely popular. Order a good plant now so as to have the first one in your neighborhood. Price, 75 cents per dozen; \$6 per 100.

Maman Cochet.

Tea Rose, PERLE DES JARDINS.

Without doubt the finest Rose in cultivation. Canary or golden-yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Great Forcing Rose, CATHERINE MERMET.

A beautiful, clear, rich color, with the same silvery lustre seen in La France. Large, well formed. Very beautiful in bud. One of the most popular Roses for cut flowers. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

GUSTAVE NADAUD.

(Souper & Notting.) A free branching grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup-shape. Color, vermilion, with clear touches of carmine-lake, and soft pink center. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We can call it a clear coral-pink, a most novel and distinct shade of color very difficult to describe. The French call it China pink. It is certainly a very beautiful color, and full and exquisitely Tea scented. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, CAPTAIN LEFORT.

Color of flower rosy-purple, reverse of petals China rose. This variety is a cross between Socrates and Catherine Mermet. Long buds on stiff stems. A variety of great merit. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Crimson Forcing Rose, METEOR.

A velvety-red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free-bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. The usual demand for this forcing Rose has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, MAMAN COCHET.

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose-pink. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Tea Ross, J. B. VARRONE.

A fine grower, flowers very large and double with high center, opening from long buds. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Much superior to Luciole, which it greatly favors, but of a better growth and much freer in blooming qualities. A grand new Rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Forcing Rose, THE BRIDE.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

... New Tea Rose ...

GEN. ROBERT E. LEE.

(Introducer's description.) This is the first Rose we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the color of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-Winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Meteor.

MARIE VAN HOUTTE.

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Tea Rose,

LETTIE COLES.

One of the loveliest Roses grown, without exception. It is very double and cupped, forming a magnificent, full open Rose of soft, creamy-white, with a very bright, rosy-carmine center. A splendid grower and universal favorite. Price, 50 cents per dozen; \$4 per hundred.

MADAME WELCHE.

An extra fine variety, very large, double and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short, inner petals of glowing orange and copper. Not to be forgotten if once seen. Price, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$3 per hundred.

Madame Welche.

Tea Rose,

CORNELIA COOK.

Old favorite. The buds are of immense size, borne up high on massive stems, and with their round, full, heavy form carry an air of grace and dignity quite unusual. The flowers are of the clearest, snowiest white. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose,

MAURICE ROUVIER.

Flowers of enormous size and quite double; splendid form; color a soft, tender rose, shaded and variegated with red. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals Marechal Niel in size, on strong bushes. A deep chrome-yellow. A remarkable Rose, deserving extensive culture. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Hybrid Tea Rose,

MADAME SCHWALLER.

Like Puritan, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any that we offer. Try it, it is magnificent. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Md. Schwaller.

Tea Rose, SUNSET.

It is a "sport" from that grand variety, *Perle des Jardins*, which it strongly resembles; perfumed. The color is a remarkable shade of rich golden amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful and resembling in color a splendid "after-glow." Price, 8 cents each; 60 cents per dozen; \$5 per hundred.

MARIE LAMBERT—White Hermosa.

Pure white. It has been called the *White Hermosa*, as it resembles *Hermosa* in form and freedom of bloom, and is quite as valuable; for though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. It is the finest blooming white Rose we offer. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Tea Rose, COUNTESS EVA STARHEMBURG.

This bud is long in form, opening into a fine double flower of great beauty and heavy texture; color a creamy-white, shading to ochre at center; borders of the petals touched with rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Queen.

**New Tea Rose,
THE QUEEN.**

A most charming Tea Rose. The offspring of that fine old Rose, *Souvenir d'un Amie*, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds; is quite full, showing the center but slightly. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**Tea Rose,
Viscomtesse De Wautier**

Rosy-yellow upon the exterior of the petals, rosy-white in interior. The center is a dark rose, and this color is often lined into the lighter shades above, producing a charming effect. A grand Rose. Price, 6 cents each; 60 cents per dozen; \$3 per hundred.

**Tea Rose,
Madame Eli Lambert.**

A beautiful new Tea Rose. The colors are not particularly remarkable—scarcely unusual—and yet we have no hesitancy in recommending it as one of the most beautiful and valuable Roses of which we have any knowledge. The flowers are extra large, fine, globular form, very full and well built up. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**Tea Rose,
Prof. Caniviat.**

Vigorous in growth and free in bloom. Flower double and of good form, of the color of *Souvenir Therese* Levet. Price, 6c each; 50c per dozen; \$3 per hundred.

White Hermosa.

JOSEPH METRAL.

This is a strong vigorous Rose, with fine, rich foliage. Flowers unusually large and of good form. Color magenta, passing to cerise-red, shaded with purple. Received two medals of merit. Price, 50 cents per dozen; \$4 per hundred.

MARECHAL NIEL.

A beautiful, deep sulphur-yellow, very full, large and exceedingly fragrant. It is the finest yellow Rose in existence. Price, two-and-a-half inch pots, 50 cents per dozen; \$4 per hundred.

**NEW TEA ROSE,
SOUV. DE LADY ASHBURTON.**

Flowers grand size and quite double, very changeable in color, showing a great variety of shades—red, salmon, yellow, scarlet, sometimes combined and again as self. Price, 6 cents each, 50 cents per dozen; \$4 per hundred.

**NEW TEA ROSE,
MADAME PHILEMON COCHET.**

A very thrifty, strong-growing Tea Rose, producing cup-shaped flowers in the greatest profusion. Color rose, shaded with salmon, and suffused with a lighter shade. Price, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

Joseph Metral.

**NEW TEA ROSE,
PRINCESS HOHENZOLLERN.**

Very strong, vigorous grower, with beautiful foliage, dark and large; flowers very large, more than semi-double, of perfect form, often produced in clusters. Color a bright, deep, satiny-red, with lighter center. Price, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per 100.

**NEW TEA ROSE,
SOUVENIR DE VICTOR HUGO.**

Bright China rose, with coppery-yellow center, edge of petals suffused with carmine. A charmingly beautiful combination of coloring, and each color blends nicely with the other. The variety will rank with the best, and is a Rose of decided merit. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

JEANNE GUILLIAUMEZ.

(Bonnaire.) A very vigorous grower. Flower large and double, of good form, with beautiful long buds. Color a clear red, touched with salmon, center a coppery-red, with pale, silvery shadings. Received first-class certificate from the Lyons Horticultural Society. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

SOUV. DE LA MALMAISON.

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**NEW CRIMSON TEA ROSE,
CHRISTINE DE NOUE.**

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright deep green foliage; a constant and very free bloomer; the flowers are well borne upon strong stems, and are unusually strong and handsome; the buds are long and finely pointed, and the color a clear, rich maroon, or deep purplish red, passing to lake, center sometimes streaked with silvery-white. Price, 6 cents each; 50 cents per dozen; \$4 per 100.

Christine de Noue.

White La France.

WHITE LA FRANCE—Augustine Guinnoiseau.

Here we have a beauty indeed, one we can recommend to all, whether for out-door culture or for pots in the house in Winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this elegant new Rose. It is identical with La France, except the color. It is pearly-white, sometimes tinted with fawn. We predict for it far more popularity than La France ever attained. Don't fail to get this new Rose. Price, 6c each, 50c per doz., \$4 per hundred.

MADemoiselle CECILE BERTHOD.

Most beautiful, both in bud and flower, which is deep gold-en-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over 50,000, which is an evidence of how we prize it. Price, 50 cents per dozen, \$4 per hundred.

New Rose, THE RAINBOW.

This new Rose from California was awarded a silver cup by the State Floral Society. Color a lovely shade of deep coral-pink, striped and mottled in most unique manner with intense crimson, elegantly colored with rich, golden amber at center of base of petals; makes beautiful buds; flowers extra large, sweet, and of great depth and substance. 50c per doz; \$3 per 100.

New Tea Rose, FRANCISKA PRIES.

One of the most robust growing varieties among the Teas, not climbing, but making long and sturdy shoots. Flowers medium-sized. Color cream white, shaded with amber. Exceedingly free blooming. Price, 6 cents each, 50 cents per dozen, \$4 per hundred.

New Tea Rose, COQUETTE DE LYON.

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive. Called the Yellow Hermosa from its free flowering character. Price, 6 cents each, 50 cents per dozen, \$3 per hundred.

White Tea Rose, MARIE GUILLOT.

Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and queenliness in shape, grows well and is healthy. The best white Rose for general purposes grown. Price, 6 cents each, 50 cents per dozen, \$3 per hundred.

MLLE. FRANCISKA KRUGER.

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps. Price, 50 cents per dozen, \$3 per hundred.

DUCHESS DE BRABANT.

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charming beautiful combination of coloring, as each color blends nicely with the other. The Charming Yellow Tea Rose,

ISABELLA SPRUNT.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest blooming of all yellow Roses. This variety has been a favorite in all gardens where good yellow Roses are planted for the past 20 years. There are none better. Price, 10 cents each, large two-year-old plants, 50 cents per dozen, \$3 per hundred.

The New Hardy Perpetual Blooming Climbing Rose,

Empress of China.

This remarkable new variety from China has been thoroughly tested, and its great excellence is guaranteed. Its valuable feature, apart from its entire hardiness, is its perpetual blooming. It commences to flower early in Summer and from that time until late in the Fall it blooms continuously. It is entirely hardy, having withstood a temperature of sixteen degrees below zero, unprotected and without injury. In habit of growth it is vigorous, and in this respect is unsurpassed: small pot plants will make a growth of 6 to 8 feet in a single season. The foliage and habit is not unlike Marechal Niel. The flowers are of medium size, very graceful in form, and highly fragrant. The bud is pointed and very shapely, and is borne on long, stiff stems. The color of the bud is a soft dark red and as the flower expands changes to an apple blossom pink. Price, 50c per dozen; \$4 per hundred.
